Through the efforts of MALMO & CO., these prize-winning new roses are offered to you in advance of general distribution by western growers.

Be the first in your community to grow these New Roses.

ROSES NOVELTIES

Novelties Are For Delivery AFTER February 1, 1934.

COUNTESS VANDAL (Plant Patent No. 38)

This is a hybrid tea rose enthusiastically received by rose-lovers, because of its long-pointed bud and its distinctive shadings of coppery bronze, suffused with soft gold. The blooms finish in a very unusual arrangement of petals reflexed with a silvery sheen. It received the Toronto Rose Society Gold Medal after two years' test in Canada, and has been the sensation of the foreign rose shows, winning all the medals and trophies in 1931; it is being widely acclaimed in American shows now. Many thousands are admiring the large bud in the rose-garden at the Century of Progress Exposition. The plant has great vigor and blooms unceasingly throughout the summer.

Each \$1.50.

DOTTY (Pern. H.) Superb flowers of golden apricot and tawny orange-yellow. Vigorous, free flowering bush, with healthy, luxuriant, holly-like foliage. The coloring of the bud strongly reminds one of Rev. F. Page-Roberts, while the bronze tint remains in the open bloom.

Each \$1.50.

MARY HART (Plant Patent No. 8). This most unique sport of Talisman has maroon-red buds, opening to well formed blossoms of deep, velvety blood-red with an overflow of amber. The most remarkable feature is the complete absence of yellow. Unlike most red roses, this does not wilt or dry when cut, but opens perfectly. It equals, or is better than Talisman as a producer, with sturdier, heavier stems, and is a strong grower. Mary Hart is a rose all rose-lovers will want in their gardens.

Each \$1.50.

MAX KRAUSE (HT). Probably the most yellow rose of the year for outdoor use, a gold that stays gold. Long buds and cup-formed bloom of great substance freely borne on a long stem. Foliage leathery and unusually resistant to rose troubles.

Each \$2.00.

SOUVENIR (Plant Patent No. 25). Souvenir, a golden yellow Talisman. Is one of the loveliest of roses, and was the outstanding gold medal winner in the 1932 American shows. Its bloom is a rich, deep golden yellow, and it is a prolific producer of fragrant flowers for cutting. A superb garden variety with all the desirable qualities of the popular Talisman.

Each \$1.00.

CLIMBING NOVELTIES

Novelties Are For Delivery AFTER February 1, 1934.

BLAZE (Plant Patent No. 10). (Everblooming Paul's Scarlet Climber). Marvelous new hardy climbing rose, which inherits the blazing color of Paul's Scarlet Climber and the everblooming habit of Gruss an Teplitz, thus combining the most attractive features of both its parents. It is a very vigorous climbing variety, which will grow to considerable height and produce flowers on both the old and new growth. It is seldom out of bloom.

Each \$2.00.

GOLDEN CLIMBER (Plant Patent No. 28). (Mrs. Arthur Curtiss James). A departure in yellow climbing roses—many new features. Extreme hardiness, combined with bloom of hybrid tea type and quality, which hold their color. Flowers most always come solitary on stiff, strong stems, often 18 inches or longer, and are 4 to 5 inches in diameter, making a cut flower which has no equal.

Golden Climber has fragrance, so much lacking in our newer roses of today. It is able to withstand sub-zero temperatures and stays "put" anywhere. Its handsome, glossy foliage, green wood, and red thorns are ornamental, even when it is out of bloom. Its beauty is long lasting.

Each \$2.00.

CLIMBING PRESIDENT HOOVER. A beautiful climber of the front rank. The flowers are a wonderful combination of cerise-pink, flame-scarlet and orange-yellow. Richly fragrant, and one of the strongest growers.

Each \$1.50.

CLIMBING TALISMAN. This new climber is destined to become as popular as the bush; flowers are identical.

Each \$1.25.

THE NEW DAWN (Plant Patent No. 1). The first plant to be patented under the recent patent law was this splendid new climber. An everblooming Dr. Van Fleet, continuously producing its particularly charming soft pink pointed buds and flowers excellent for cutting.

Each \$1.50.

VARIETIES OF RECENT INTRODUCTION

PRICE, EACH 75c

These Varieties Can Be Delivered After Nov. 1, 1933.

AUTUMN (HT) Richly colored burnt orange streaked red.

GOLDEN GLEAM (HT) Cheerful golden yellow flowers with quilled petals.

McGREDY'S SCARLET (HT) Full, brilliant scarlet, orange base, long stems.

MRS. PIERRE S. DU PONT (HT) Genuine solid yellow and holds color well. Very free blooming. Neat compact grower. Abundant ornamental foliage, extremely healthy.

OLYMPIAD (HT) New, vivid scarlet with undertone of yellow.

TEMPLAR (HT) An even shade of red. Holds its color at all times. Stiff stems and attractive foliage.

ROSES**ALL ROSES SENT POSTPAID**

35c EACH . . . 3 FOR \$1.00

These Varieties Can Be Delivered After Nov. 1, 1933.

ABOL (HT) Ivory white, blush tints at center. Remarkable form and fragrance.

BETTY UPRICHARD (HT) Semi-double, salmon pink flowers stained with copper-pink on the outside.

CHARLES P. KILHAM (HT) Brilliant coppery-pink, resembling Mme. Ed. Herriot, but even more showy than that variety, holding its buds up well on good stiff stems.

CUBA (HT) Fragrant blooms of cardinal red, tinted with yellow.

DUCHESS OF WELLINGTON (HT) Long, saffron yellow buds opening to very large, light yellow flowers.

EDITH NELLIE PERKINS (HT) Long pointed buds of rich orange outside and salmon pink inside of petals.

E. G. HILL (HT) Great massive blooms of deep maroon, velvety on inside.

ETOILE DE HOLLANDE (HT) Brilliant red with fine fragrance. The finest dark red rose for general purposes.

FEU JOSEPH LOOYMANS (HT) Long pointed buds of glowing apricot and old gold.

- FRAU KARL DRUSCHKI (HP)** Very vigorous growth, with gigantic white buds and flowers.
- GOLDEN EMBLEM (HT)** Rich yellow, carmine streaks on outer petals.
- HADLEY (HT)** Straight stemmed plants with well shaped, velvety crimson blooms.
- HOOSIER BEAUTY (HT)** Vigorous plants with large, velvety crimson bloom.
- IRISH ELEGANCE (HT)** Bronzy pink buds and flowers suffused with shades of apricot and yellow. Single.
- IRISH FIREFLAME (HT)** Single, large, deep orange to old gold.
- ISOBEL (HT)** Single, light rose-pink, apricot shadings, yellow center.
- JOANNA HILL (HT)** Very double Indian yellow, flushed with orange at base. Vigorous, upright.
- KAISERIN AUGUSTE VICTORIA (HP)** The standard, double, pure white bedding rose.
- LADY HILLINGDON (HT)** Popular deep apricot-yellow rose.
- LADY MARGARET STEWART (HT)** Large, deep, yellow flushed orange-red.
- LORD CHARLEMONT (HT)** Large, well shaped, deep crimson, very fragrant.
- LOS ANGELES (HT)** Double, luminous coral pink toned gold at base.
- MABLE MORSE (HT)** Clear yellow.
- MARGARET MCGREDY (HT)** Brilliant red petals on hinges of deep gold. Buds upright. Seldom out of bloom.
- MISS LOLITA ARMOUR (HT)** Blooms of orange-pink toning to coppery yellow at the base.
- MISS ROWENA THOM (HT)** Blooms of brilliant satiny pink, orange flame center.
- MISS WILMOTT (HT)** Soft sulphury cream.
- MME. CAROLINE TESTOUT (HT)** The well-known, double satiny pink variety. Vigorous.
- MME. EDOUARD HERRIOT (HT)** Profuse bloomer, coral red, yellow base.
- MRS. ERSKINE PEMBROKE THOM (HT)** The fine long buds open into perfectly shaped flowers of rich lemon-yellow.
- MRS. G. A. VAN ROSSEM (HT)** Vividly colored flowers of deep golden apricot, heavily veined with deep brownish orange.
- MRS. HENRY BOWLES (HT)** Magnificent flowers of dark, lustrous pink.
- PRESIDENT HERBERT HOOVER (HT)** Medium orange, center red shades.
- QUEEN ALEXANDRA (HT)** Brilliant coloring, vermillion and old gold.
- RICHARD E. WEST (HT)** Fragrant, long pointed buds, light yellow.
- ROSELANDIA (HT)** Perfect blooms of golden yellow, fragrant.
- SHOT SILK (HT)** Coppery rose shaded apricot. Semi-double.
- SUNBURST (HT)** Beautifully formed rich yellow shaded orange.
- TALISMAN (HT)** Vigorous, upright, rich golden red and copper.
- VILLE DE PARIS (HT)** Sunflower yellow tinted orange.
- WILHELM KORDES (HT)** Deep golden-yellow with copper and red tints.

ALL ROSES SENT POSTPAID

CAUTION

Plant your roses immediately after receiving them, or "heel" them in carefully in moist ground until set out in a permanent place. Roses or other plants kept in a heated room, even for a short time, are either killed or suffer a severe set-back from dried out roots. This is one good reason why those who know always buy roses, trees, plants and shrubs direct from a responsible nursery, rather than from stock displayed in heated stores.

CLIMBING ROSES

ALL ROSES SENT POSTPAID

ROSES

Always Excel

The finest Roses in the world are developed and propagated by skilled Rose specialists and hybridizers who grow Roses exclusively. These scientific propagators are constantly striving to create new varieties with which to tempt Rose lovers.

We call your special attention to the group of novelties on page 2 of this pamphlet. The patent numbers indicate that the U. S. Government has granted exclusive patent rights to the grower for his distinctive creations.

The Roses listed are the sensation of the season. Now introduced for the first time to the Pacific Northwest by Malmo & Co.

Rose lovers will want at least one of each of these novelties for their Rose garden.

These and all other novelties and standard varieties listed in this pamphlet are hardy field-grown plants, extra heavily branched, strongly rooted, Washington Grade No. 1, or better. All varieties listed are guaranteed true to name.

Parcel Post shipments are carefully packed by trained workmen so as to reach you with moist roots and sound tops.

Why not be the first in your neighborhood to enjoy the newest creations in Roses?

Malmo & Co. prepays the postage on all Rose shipments.
